

Intra-series heavy-duty pivot bush kit

SAF-HOLLAND has developed an aftermarket kit for the installation of heavy-duty pivot bushes to Intra-series suspensions.

The part number of the kit is 4177303500K, and it comprises the following parts:

- 1 x heavy duty pivot bush (p/n: 4177303500)
- 1 x assembly lubricant (p/n: P-5311-10ML)

The pivot bush and the assembly lubricant are shown below:

The assembly lubricant is used to facilitate installation of the bush into the trailing arm. The contents of the tube should be applied to both the outside of the bush and the inside of the trailing arm immediately prior to installation.

Refer to SAF-HOLLAND Repair Instruction 'Pivot Bushing Replacement' (document number: XL-AS10001RM-en-DE Rev B), available at <http://www.safholland.com.au/au/en/literature> for detailed instructions.

Please be aware of important product information relating to the assembly lubricant, which is printed on the packaging of the lubricant.
